THIRTY RADIO AMATEURS **HEAR WIRELESS CONCERT**

Music Sent Out From National Radio School Strong Enough to Dance By.

Development of radio telephony at the National Radio School, 1345 Penn- Resolution Opposes Renamsylvania avenue, last night reached the stage where thirty amateurs on the receiving ends of wireless appa-ratus throughout the city reported hat they were hearing musical rec ords being played at the schools, un-der the direction of F. W. Fennimore of the bureau of standards radio research laboratory.

Mr. Fennimore has been aiding in

the development of the radio telephone for several weeks, but experi-ments did not reach the stage of perfection which allowed a general re-ception of a musical program until last night. Mr. Fennimore called up his wife by radiophone about 3 his wife by radiophone about so clock. She replied that she was enertaining company, and requested that a musical number be put on the wireless. According to reports, the music was heard well enough to dance by at the Fennimore home. Shortly after the record was sent out thirty calls from amateurs throughout the

UPHOLD THURSTON

ing of Van Schaick to School Board.

members of the Anacostia Citizens S. McComas Hawken. Association in meeting last evening at the Ketcham School adopted a resoluthe Ketcham School adopted a resolution in opposition to his reappointment to the board of education and upholding the administration of Supt. Thurston. The resolution recited that "The Rev. John Van Schaick, jr., at the time of his appointment as a member of the board of education was a legal resident of and voter in Cobbleskill, N. Y. and this being the case, he was not eligible to serve as a member of said board under the provisions of the organic act creating the board of education," and

"It also appears that during his tem. Mr. Hawken proposed the reso-tenure of office he has consistently lution indorsing Mr. Thurston's admin-tendent of schools Mr. E. H. Thurston. tendent of schools, Mr. E. L. Thurston, without having given Mr. Thurston the opportunity to attend many of the meetings of the board in order that he might clear himself of his allowed the control of the meetings of the school of the meetings of the board in order that he might clear himself of his allowed the school of t leged shortcomings, as to his ability to properly perform the duties required of him by virtue of his office." It also provided that "The said Rev. John Van Schaick, jr., be requested to resign as president and member of the board of education, for the fol-

cond, because his temperament is such that he does not appear to have the ability to properly manage and direct the affairs of the board of education, without continual friction, which is prejudicial to the best in-terests of the public schools, and also his assumption of power not vested in him by law."

The resolution also put the asso-

siation on record as in full accord with Mr. E. L. Thurston, the present perintendent of public schools, and believes him to be eminently fitted to perform the duties required of him; "and we also respectfully request that he be reappointed to his present position." Copies of this resolution will be sent

at once to all parties concerned, and every effort will be made to secure Charles F. Roberts, chairman of the school committee, presented the resolution, and discussion of the matter was general among the members, all voicing opposition to the attitude of Dr. Van Schaick.

Jesse C. Suter, vice president of the Federation of Citizens' Associations, gave an outline to the members of the work of the various organizations connected with the effort to obtain national representation for the Dis-trict, and called special attention to the meeting to be held at Central High School March 16, at which time a suffrage organization will be per-

U. S. SHIPPING BOARD PROFITS, \$166,493,990

Chairman Payne Reviews Financial Aspects Before Senate Committee.

A net profit of \$166,493,990 accrued rom government operations in the shipping business up to June 30 last, Shipping business up to June 30 last, Chairman John Barton Payne of the Shipping Board yesterday afternoon told the Senate merchant marine committee, making public for the first time complete statistics covering the financial aspects of the board's transportation activities. This revenue does not include unpaid balances due from other revenues deserves. from other government departments, he said, adding that the food administration owes the board about \$15,-900,000 and the War Department about

\$150,000,000.

No money will be asked of Congress by the Shipping Board to complete its construction program, the chairman said, since funds from operation and sale of ships will take care of estimated expenditures of \$307,000,000 for the next fiscal year. He asserted that the "government should get out of the shipping business as soon as possible, and stay out."

"Too much has been said by private interests seeking to buy ships." he remarked, "since some people appear to have the impression that Congress can be induced to forge the Shipping Board to sell its vessels for \$100 and \$150 a ton. This has made many prospective purchasers hold off, but when the debate is over they will move faster."

nove faster."
Individual Americans, he said, could Individual Americans, he said, could operate ships successfully at a profit in competition with foreign owned vessels. Any charges that the Shipping Board had more accidents and difficulties in operating vessels than could otherwise be expected, he said, were disproved by the fact that the insurance rate of the government fleet was only 3½ per cent, while the general commercial rate was 4½, and that repairs cost the government only that repairs cost the government only about 67 cents per month per ton

PLEAS FOR WORKERS' BONUS DELUGE SENATORS

Members of the subcommittee of the Senate appropriations committee are being deluged with telegrams and letters from all parts of the country and from employes of the government here urging that the bonus which the House failed to give be inserted in the legislative, executive and judicial appropriation bill. Senators said today that instead of having a good effect, this bombardment of telegrams is making a decidedly bad impression.

One of the senators said today that Members of the subcommittee of the One of the senators said today that it has been the intention of members of the committee to vote for the \$240 bonus right along, but that there was no chance of its being increased.

It was said also that the committee does not intend to give hearings to representatives of the Federation of Federal Employes, since it is well acquainted with the facts. The amendant which the committee is likely to ment which the committee is likely to adopt will extend the bonus until such time as Congress may act upon the recommendations of the joint commis-sion on reclassification of salaries of government employes.

Freed in Stolen Goods Charge. NEW YORK, March 11.—Emil and William Lichtenfels, Bronx grocers, who were arrested March 3, charged with suspicion of having received stolen goods, after \$100,000 worth of silk, jewelry and other articles were found in their warehouse, were discharged in court yesterday.

President Charles Derrick left the chair and took the floor to support Dr. Van Schaick. He declared in effect the opposition to the administra tion of the president of the board was unwarranted, and questioned the ad-visability of taking action until definite steps had been formulated by the Sen-ate select committee investigating the Mr. Hawken in rebuttal declared that

Mr. Hawken in rebuttal declared that the present was the time to let the Senate know the stand of the people of Washington with regard to the school system, and requested definite action on the resolution. The resolution was adopted over opposition Grant for Police Head Favored. The association also went on record s favoring the appointment of Inspector

tendent of police. A protracted discussion of the ac-tion of the sewer department of the District government resulted from the announcement that an inspector of the department had visited the sec-tion in the vicinity of the Murdock Mill road where a petition was made by the association at a previous meeting asked the Commissioners to repair sewerage conditions. A report from the sewer committee of the association pointed out that the inspector had notified the residents of the neighborhood that the conditions existent were in violation of the law and action to repair them must b taken by the residents. The associa tion decided to present the District Commissioners with a further petition asking time to review the situation view to taking action on the request of the sewer department.

HIS BILL TO AID YANKS

Creates \$100,000,000 Government Controlled Corporation in Na-

ture of Endowment.

Published reports, according to a statement made by Representative Dick T. Morgan, gave a wrong impression of the provisions of his bill to provide homes for honorably dis-charged soldiers, seamen and marines 000,000 capital, subscribed by the government. This capital, which is in the natire of an endowment, will be used as an operating or revolving fund. The chief funds for making loans will be secured through the sale of bonds, issued by the corpora-tion, based upon the amount of mortgages held by the corporation. Mr. Morgan's bill differs from all others in that it provides for the pur-chase of homes in the towns and cities as well as in the country. Any honorably discharged soldier, sailor or marine will be entitled to a loan of not exceeding \$4,000. The loan is to run for a long period of years, payable on the amortization plan, at a low rate of interest. The plan also differs from all other proposals in that it authorizes loans to be made n amounts equal to 100 per cent of the appraised value of the home pur

"While this is unusual, and may be by the practice of private mortgage companies." Mr. Morgan says, he in-sists that the corporation would be able to meet any loans it might sustain, by reason of the foregoing pro-vision. The corporation will have \$100,000,000 endowment capital and can appropriate the annual interest received therefrom to meet losses, as it will have no dividends to pay on this capital. In addition to this, every borrower is required to pay annually one-half of 1 per cent upon the face of his loan into a guaranty fund, which is designed to create a fund to be used to meet losses Through the use of these two funds the corporation will be provided with ample income to meet any losses it may sustain, and will be an absolutely sound financial institution, Mr. Mor-
